21. 【答案】Dear Editor,

As more and more students are getting fond of western fast food which leads to obesity, Km writing to talk something about this phenomenon,

Although people hold different views about it; I don't think western fast food is good for our health because they are rich in sugar and fat. In my opinion, the Chinese food is healthier. The Chinese food contains a lot of fruits and green vegetables which are high in vitamins and fibers. In addition, the Chinese food is very delicious and has various dishes, which provide us with all kinds of beneficial nutrition. That's why many Chinese people enjoy it and keep fit as well. I think the Chinese food is the healthiest one in the world. What's your opinion about it? I am expecting your reply!

Best wishes!

Yours Sincerely
