B

Students learn their lessons in class. In class teachers teach them. Students sit in the classroom listening to their teacher. This is a way of learning. Is this the only way for students to learn? Of course not. There is another way to learn. That is students can teach themselves. Every student can teach himself, and every student is teaching himself when he is learning something. For example, if you forget something when you are doing your homework, what are you going to do? You can look at your book to find the answer. This is a way to teach yourself. And it is an easy thing. We can do this at any place and at any time.

How to teach yourself? The first thing you must do is reading. Read something you like, or you have to read. The second is that you must ask yourself questions. The question is something you don't understand, or you want to know more about. You can write down these questions. A bright student is usually good at asking questions. The third way is to answer the question yourself by thinking hard, by reading the text or other books, and sometimes by asking other people. This

is the way of teaching yourself. If you keep doing like this for a long time, you are sure to succeed (成功) in your study.

- () 6. Listening to the teacher is _____ for students to learn.
A. not a way B. the best way C. the only way D. not the only way
- () 7. Which of the following ideas do you think is right?
A. A student can teach himself but he doesn't like to.
B. It is an easy way to learn to teach from the teacher.
C. A student can learn to teach himself if he wants to.
D. Students know very well how to teach themselves.
- () 8. In teaching yourself, the first thing you must do is _____.
A. writing B. reading C. asking D. answering
- () 9. A bright student is usually good at _____.
A. asking questions B. answering questions
C. finding answers D. asking others
- () 10. If you want to succeed, you'd better learn _____.
