With the development of technology, robots became more and more common, As robot can do many things for men , it will bring great convenience to our daily, Firstly, robot can keep my company, Since I am an only child, my parents usually go out for work, if I have a robot, I won' t

feel lonely because the robot can play with me,Secondly,a robot can help my mum do a lot of housework so what my mum won' t be so tired after work, Moreover,the robot is intelligent,I can get information easily and learn a lot from it. In a word i think it is great to have a robot in our daily life.

三、阅读

(一) 主题 Laughter Yoga

考察形式：句子排序题，一篇文章挖 5 个，给 7 个选项，移动鼠标把句子填进去。(类似 FCE 题型，话题内容可参考学而思英语五年级教材)

It might be difficult to believe that laughing can improve your health. But many people insist that it is (1) ____best medicine.

Laughter relaxes your body and helps you produce special chemicals which makes you feel good, It may also encourage you to use your imagination,and some studies even suggest that if you laugh a lot,your heart will be healthier when you are older, Finding things to laugh about isn' t always easy when you have a busy and stressful routine.

However many people around the world have found a solution to this problem by taking

(2) _____in an unusual activity -laughter yoga.

Laughter yoga teaches students to laugh for a long time -often for around 30 minutes -without being interrupted. The teacher doesn' t tell jokes in order (3) make students laugh: instead there are various exercises which make them feel

relaxed and then make them laugh. When people look at each other in this kind of situation, they usually start laughing, 'says Maddie, a laughter yoga teacher.' And even if the laughter is false for the first few minutes, it soon becomes real, 'This type of yoga reminds us that anyone can laugh, even people who(4)_____ usually got a great sense of humour. 'I(5)_____to be quite negative and serious,' explains Maddie. 'If I hadn't started laughter yoga. I wouldn't have changed.'

(二) 主题：霍金相关短文（可参考以下文章）

考察形式：两道单选题

Stephen Hawking was born in Oxford England, in 1942. He went to school in St. Albans. After leaving school, Hawking went first to Oxford University where he studied physics, then he went on studying in Cambridge University. As he himself admits (承认), he didn't work hard. He was a lazy student, and did very little work. However, he still got good marks.

At the age of 20, he first noticed something was wrong with him. His mother was very worried and took him to see a doctor. He was sent to hospital for tests. He had an incurable illness. And the doctor said he would die before he was 23.

At first,he became very sad and disappointed(失望的). After coming out of the hospital,he suddenly realized that life was beautiful.Later he married, found a job and had three children, He also went on with some of the most important scientific research.

Today,Hawking still works at Cambridge University as a professor,He strongly believes that his story shows that nobody, however bad their situation is,should lose hope," Life is not fair," he once said," You just have to do the best you can in your own situation."

1、 which one is not true?

- A. He is a great scientist.
- B. Doctors say he can live for only a few days.
- C. A brief history of time is the best seller.
