26 范文：

Dear classmates,

I am Li Hua, a member of environmental group. **As all we know**, water and electricity are all valuable for us.

It's important for us to live a low-carbon life to protect the environment .

Here are some suggestions . We can go to school on foot or by bike every day . **Remember to turn off** the lights , the TV and the fans when you leave the classroom . **When using water** , please turn off the tap . I often reuse water , **for example** , when I finish washing the clothes , I use the water to clean the floor and water flowers . I never use plastic bags . I think saving paper is necessary , so I often make full use of paper .

Let's work together. Our environment will be better and better.

Yours,

Li Hua
