she was good at English and always studied English well. Therefore , she thought there was no need for her to work hard at the English Speech Contest. She spent a lot of time picking the clothes. However, when the day came, Fangfang was too nervous to say anything on the stage because she wasn't well-prepared.

On the contrary, Mingming worked hard at the English Speech Contest. Though his leg was hurt before it, he still tried his best to ask others for help to improve his speaking skills. Mingming said he would never give up when facing any difficulty, so this was the secret to winning the contest.

From the different results, I have a better understanding of no pains , no gains . We should learn from Mingming who is not only strong-will but also hard-working.
