30 Dear David,

I'm very glad to receive your letter. From your letter I learn that you are concerned about the smog which frequently appears in some areas of China. Thank you for your concern. I'm also very worried about such terrible weather because it has caused much inconvenience or great harm to people's health, such as traffic jam, road accidents, bad coughs, throat hurts and even lung cancers and so on.

As everyone knows, a good environment comes from good protection. So we should do what we can to make a difference. Try to drive less and choose environment-friendly products. Only when everyone has the environmental awareness, can we have cleaner air.

Looking forward to hearing from you soon and share your good ideas!

Yours,

Li hua
