### How to protect ourselves

How to protect ourselves is especially important to us students.

First, don't take restricted knives to school. They might hurt our classmates or ourselves. Secondly, there are too many students at school, and our hallways are too narrow. So don't crowd with each other especially when we go upstairs or downstairs. Or there may be an accident. Thirdly, we should eat more healthy food and we'd better keep away from junk food. At last, we must pay attention to the traffic. Remember to call the police for help when we have an emergency.

It's our duty to protect ourselves. Let's start from today.
