## 六、书面表达

9 Dear Alice Bryan,

I'm glad you like music as me. To tell you the truth, I like almost all kinds of music. In order to relax from the pressure of study, I always listen to light music. My favourite music is popular music and I'm a fan to many famous singers. I also like classical music, both home and abroad. And I have also made a lot of friends because of music.

Different people have different ideas about music. Some people like classical music, some like rock and others like light music. Anyway, music can do much good too us. We can't live without music!

Yours,

Li Hua
