22 In Guangzhou, more and more students begin to ride the shared bikes to school. We can see those bikes everywhere. Surely, they bring us a lot of convenience while a lot of problems take place at the same time as well.

Students like them because of the following reasons. First, It's very convenient to use the shared bikes. They can unlock the shared bikes by simply using their phones. Second, It's cheap to rent the shared bikes. It only costs 0.5 yuan for half an hour.

However, there are some problems as well. Some people park the shared bikes disorderly. What's worse, Some people break the bikes on purpose or even steal the bikes.

As far as I am concerned, people should learn how to use the shared bikes properly so that it can make our life easier and our city better.
