Dear James,

I am glad to know that you have been chosen to study in China. You want to know how to learn Chinese well. Here is some of my advice. First of all, in order to improve your pronunciation, you'd better learn Chinese by reading aloud every day. Then, I suggest you read some interesting Chinese books. You could also improve your Chinese by watching Chinese movies and listening to some Chinese songs. If you know more about Chinese history and culture, you will have a better understanding of our language. What's more, keep practising what you've learned and don't be afraid of making mistakes.

I hope these ways will work well for you!

Yours,

Li Ming
