My good friend

My name is Anna. I have a good friend. She is Lucy. Lucy is taller and more outgoing than me. I think she is the funniest girl I know because she often makes me laugh. We enjoy studying together and we always help each other with studies. Besides, we like travelling together. We went to Beijing on summer vacation and had a good time. However, we are different in some ways. For example, talent shows are my favorite because they are fun to watch. But Lucy thinks they are boring. She likes talk shows because she can learn some great jokes.

Lucy is a kind girl and helps to bring out the best in me. I hope we can be good friends forever.
