五、阅读理解

American schools begin in September after a long summer holiday. There are two terms in a school year. The first term is from September to January, and the second term is from February to June. Most American children begin to go to school when they are five years old. Most students are seventeen or eighteen years old when they finish high middle school. After high middle school, many students go to college. They can go to a small school or a large one. They usually have to give a lot of money. So many college students work after class to get the money for their studies

True or false

( ) 1. American schools begin in spring.

( ) 2. The second term is from February to June.

( ) 3. Most of them begin to go to school when they are five years old.

( ) 4. Most students finish high middle school when they are seventeen or eighteen years old.

( ) 5. They can't go to a big college.
