Hello, everyone! Welcome to the world famous Night Safari in Singapore（新加坡）. It's the

It opened on May 26, 1994 at a cost of 63 million Singapore dollars. Today, this "theme zoo" is home to more than a thousand animals from 120 species（物种）that are active at night. We have Indian rhinos, Malaysian tigers, Nile hippos, Asian elephants and much more! About 1.1million people visit us every year.

Night Safari's location in the tropical forest（热带雨林）of Singapore is perfect, because it's similar to the animals' natural environment（自然环境）in Africa and Asia. To give the animals as much freedom as possible, moats（沟） and glass walls, not cages（笼子）, keep them apart. The moats look very natural, like small rivers! Do not fear —animals are safe from each other, and you are safe from the animals!

There are a couple of things we ask of all visitors. First, bright light（亮光）may scare the animals, so please turn your camera flash off. Secondly, these animals don't like loud noises. Please help us keep the experience quiet and speak in a low voice.
