Changing how we say hello

Handshakes, high fives, kisses on the cheek, hugging… people all over the world greet each other in different ways that more or less need close contact. Because of the novel coronavirus（新冠病毒） outbreak, people are changing how they greet each other to prevent the virus from spreading. They have come up with some creative ways to say hello.

France

French people prefer (更喜欢) to kiss on the cheek to greet each other. It is a regular (经常的) greeting for them, even between people who have only just met. They shake hands at work as a formal greeting. As kissing and
