范文： Good morning , ladies and gentlemen ,

Some of us are having problems with our parents , as they often look into our school bags or read our diaries . I fully understand why we are not comfortable about

it , but there's no need to feel too sad. Our parents are checking our bags or diaries to make sure we are not getting into any trouble . They have probably heard some horrible stories about other kids and thought we might do the same . Or perhaps they just want to connect with us but are doing it all wrong . My suggestion is : Tell them we want them to trust us as much as we'd like to trust them .If you don't think you can talk to them , write them a letter and leave it lying around ---they are bound to read it .

We are now living in an information age , in which TV , cells and the web are widely used . It seems that many people can not enjoy themselves with them .

However , if I had to give up one of them , I would turn off TV rather than switch off my cell or cut off the internet . I could do without TV because few TV shows can take my fancy and there're too many commercials . Besides , most programs on TV are also available elsewhere .

As for cells and the web , they are more necessary to me . I need a cell to keep in touch with my friends and family , and almost all information can be gathered on the internet .

假设你参加所在年级的英文写作比赛，请按下面文字中的道理完成一篇短文：

A drop of water +two drops +many drops =sea

A tree +two trees +many trees = forest

One person +two persons +many persons =society

范文： The picture shows a simple truth : If too many drops of water are put together ,they will become a sea. Many trees standing together form a forest and many people make up a society . It conveys a message to us : A whole is made up of many small parts that are closely related .Nothing or no one could exist alone .

The picture sets us thinking deeply : our society is made up of many people who have different personality and characters . If we want to create a harmonious society ,we must live in harmony with others . On the other hand , since everybody is related to others , we should be responsible for what we say and what we do so that we can develop a pleasant relationship with others , which makes it possible for us to enjoy life to the fullest .

When Sam first reached to his boarding school with his parents , he was very happy. He thought he would be able to go home every weekend. When he was told he would not , he started crying because the thought of not seeing his parents was driving him crazy .

He was given uniforms and all other things he would need for the term. He started crying when it was time for his parents to leave. He was then taken to the dorm, where he saw other children happy. He tried as much as he could to fit in but he could not because his mind was at home . He started feeling homesick and wanted to go home as soon as possible.

He got sick soon because he couldn't eat the school food . He could not concentrate in the classroom . All he could think of was being at home with his family. He had no mobile phone or other means to get in touch with his parents. He was angry and felt lonely . He thought his parents hated him and that was why they left him in a boarding school.

以约 120 个字对用金钱鼓励孩子学习的现象进行议论 1. 你对用金钱鼓励孩子学习的看法

2. 你的父母和亲人是如何鼓励孩子的 3. 你认为怎样才能更好地鼓励孩子学习

范文:

From where I stand , I am not in favor of encouraging kids with cash just because they have got good marks .

My parents used to encourage me like this. Whenever I made progress in studies , they bought me my favorite books ,which not only motivated me to learn ,but also helped me get along well with my studies.

To get kids motivated to learn , I think we should not treat every child in the same way. To some students , oral praise is essential . Don't save the praise for only the top score. If possible, involved other adults in praising them . However, this method may not work well with other kids. Maybe what is more important to them is to water a movie or go on a trip together with their parents . It just depends.

下面是幅照片, 表现了女儿为妈妈拿包的情景 “to ease the pain in her back, I remove the heavy load from mom' s shoulder”

你短文应包括：1.描述照片的内容 2. 结合自身情况谈谈你的感想 3.举例说明你能为家长肩负做些什么

范文：

The burden of students has been a hot topic for many years, but the load of parents has received little attention ,especially from their own children .

The picture shows us a touching moment when a little comes to greet her working mother . Realizing that her mother must be very tired after a day’s work , the girl helped to remove the bag from her shoulder. In response , the mother kneels down to show how happy and thankful she feels.

All that reminds me of my mother who has been doing whatever she could to let me have the best. But , totally engaged in studies , I seldom pay attention to what mother needs and feels, and always think studying is the only thing I could do in return .Now I know I can do my bit to help with the everyday washing , bedroom cleaning ,or at least prepare breakfast myself , so as to share mom’s daily burden. The picture convinces me that it is even more important to be a good daughter than a “good” student”.

Dear teachers and classmates, it’s a great pleasure for me to be here today and share my experience of learning English with you. I’m interested in English , and hope to be an interpreter in the future . Naturally it’s very important for me to learn English well. As everybody knows, vocabulary is an important part of language ,just like bricks in a building .I usually memorize twenty new words a day and put them to use whenever possible . After class , I often listen to English programs on TV and on the radio . Besides, I’ve a lot from the internet and other sources.

Now , I ‘d like to make some suggestions on English teaching and learning in our school. Firstly, we should be given more opportunities to use what we’ve learned in order to have a better grasp of it. Secondly, I hope our teachers can recommend more interesting and magazines and give us more free time to read them . Finally, I suggest we have more English activities ,such as English contest and festivals.

Thank you for your listening.

范文：

The mouse is a most effective device used by people to communicate with a computer.

For most people , it's almost impossible to operate computer without a mouse , let alone surf the internet . A well-chosen mouse is really handy ,flexible and convenient in controlling the screen. With the functions of inserting ,deleting ,moving and copying ,it enables us to edit text ,browse web pages and download what we want . It can even bring us a flood of music ,movies and PC games . Just imagine , all these can be done with a cute mouse.

A convenient tool can certainly make our work easier ,but it doesn't help in a positive way . Too much information on our fingertips leaves little room for knowledge pursuing . Too many ready answers make us less excited in finding truth . Relying too much on mouse makes us lazier and less creative both mentally and physically.

北京卷是看图作文，讲的是一个人站在小河边，用网去勾取对岸树上的水果；而离他不远处就有一座桥，人却没有看到。

In the picture , there stands a tree full of fruit on one side of the stream. Across the stream , a man is trying to reach out on the edge of the bank for the fruit with a net attached to a pole. Not far away there is a bridge that can lead him to the tree for more fruit.

The message conveyed in the picture is clear. In pursuing a dream , we might only focus on only one way of making it come true ,forgetting that there may be alternatives. As indicated in the picture, if a man is willing to look for other possibilities ,he can find a better and more rewarding way to achieve his goal. All he has to do is turn

around ,cross the bridge and walk to the tree.

Dear sir /Madam ,

My name is Li ming , a student currently studying at Qi Ming high school. I am writing, on behalf of my classmates ,to apply for the 2000 yuan worth of fund in a bid to initiate a program aimed at helping those students who are financially disadvantaged. Being raised in families that don't have to worry about putting food on the table need not mean oblivion to our less fortunate peers. On this account , we would appreciate it if you could sponsor our poverty -relief endeavor . The following is how we would go about using the money. We would spend 1500yuan purchasing some stationery for the needy students in our school .We would inform them to pick up the school supplies themselves instead of us handing the supplies out so that we wouldn't embarrass those who we want to help . The remainder of the fund would be used to invite a motivational speaker who was to talk about how to lift oneself out of poverty by making right academic and professional decisions Modest as our efforts may sound, we believe they will warm some hearts . We would be much obliged if you could reply at your earliest convenience .

Yours sincerely ,
Li ming

also be one of their major considerations .

在英语课上,你喜欢你的老师授课只用英语,还是英汉兼用; “how do you prefer your English class to be taught ? English only , or in both English and Chinese?”

请发表你的看法

范文(1)

I prefer my English class to be taught in English only. As we all know , a good learning environment is vital if we want to study English well. Classes taught in English provide students with such an environment . When English is the only language used in the classroom , students will have more opportunities to practice listening and speaking . Therefore , they will be able to learn more quickly. However , there are also some problems with this teaching method. As we haven't mastered enough words , sometime we may find it difficult to follow the teacher. Slow learners may even lose interest in English.

Practice makes perfect. To learn English well requires a lot of practice . Therefore , I like my English classes to be taught completely in English .

范文 (2)

I prefer my English classes to be taught both in Chinese and English . In my opinion , learning is a step-to-step process. As middle school students , we only have a small vocabulary. If the teacher can use some Chinese in an English class, we will understand the lesson better.

Of course , an English class taught in both languages has its shortcomings. Such a class

can't create a good atmosphere for English learning. Some students will speak Chinese all the time and can't learn English well.

Working individually or working in a team

There are basically two ways to get work done. One is to work individually. In this way, people can decide for themselves when to start and how to do it. What's more, they will be able to learn how to solve problems on their own.

People may also choose to work in a team, where they can learn from each other and help each other. Besides, they may work out better ways to get work done by discussion.

Personally, I prefer to work in a team, which offers me a chance to learn how to get along well with others and to share my experiences with them. As the work can be divided among several people, it can be done efficiently. Teamwork is always important.

It is known to us all that some students cheat in examinations at school.

As students ,we often take examinations at school, but sometimes we have too many examinations which are too difficult for us . On the one hand , some of us are lazy and don't work hard at their lessons. So when taking examinations , they sometimes cheat in order to get better results to please their parents and teachers .

In my opinion , it is wrong to cheat in examinations because it breaks the rules of schools. We students should be honest and try to get good results by studying hard instead of cheating in exams . What 's more , we should improve our study methods and get well prepared for examinations .

假设 Thomas Edison 是你最喜欢的人, 请根据信息写篇短文 1. 对该人物的简单介绍 2. 喜欢该人物的理由 3. 从该人物身上得到的启示

范文: Thomas Edison

Born in America , Thomas Edison was a great scientist and inventor . He was once thought to be a boy who was not worth educating . In fact , he was a man full of imagination.

I admire Edison a lot because of his great contribution to the world . He had more than 1000 inventions . In his life time, he was always eager to know how things worked, which helped him to own the nickname “ the wizard of Melo park” . He was also so diligent that he worked day and night . And this explained why he had so many great inventions .

What impresses me most is his famous saying : “ Genius is one percent inspiration and ninety-nine percent perspiration “. Probably I can't be an Edison myself , but I can be a hardworking teamer .From him, I realize the secret to success is not when and where you were born ,but what you are doing and how you do it in your life.
