五、阅读理解

I'm Adam and I live in California. I think the best movie theater in CA is the ArchLight, because it has the best environment and service. It opened on March 22, 2002.

I still remember the first time I went there. The building was tall and beautiful. After I got in, I saw some workers walking on the floor to show the way to people. And it was very quiet. The workers there were friendly and helpful. The screen was big and the seats were soft. I found my row easily. Before the movie started, people talked a lot. But when it started, they were all quiet. People couldn't come into the room after the movie was on for 15 minutes. Of course this could be a little annoying (使人气恼的) for some of those late birds, but no one liked to be disturbed (被打扰) by late arrivers. So I enjoyed the wonderful sound of the movie a lot.

It's really a good place, and I still love watching movies there now.

26．What does the writer think of the ArchLight?

_____

27．When did the ArchLight open?

30．Why couldn't people come to watch the movie after it was on for 15 minutes?
