Do you know Leonardo da Vince? He was not only a painter, but also a scientist and an inventor. This year is the 500th anniversary（周年纪念）of his death. Let's learn more about this great man.

Growing up

Leonardo was born in 1452 in Italy. When he was a little boy, he liked to play outside. Later, he moved to a big city. There, he learned how to paint. He also learned many other skills. He always wanted to try new things.

The great work

The Mona Lisa is one of the most famous paintings by Leonardo. The woman in the painting is smiling. An Italian man once stole the Mona Lisa from a museum in 1911! But because it was so famous, the thief could not sell it. Later, police caught the thief.

Strange writing

Leonardo wrote lots of notes. But he wrote from right to left. We can only read the notes with a mirror. This kind of writing protects his ideas and secrets.

Fly in the sky

Leonardo dreamed of flying. He watched flying birds and designed（设计）a flying machine. The machine had two wings like a bat. He also tried to make a helicopter!
