New York, London and other big cities are exciting places to live in. There are many interesting things to see and do. You can go to different kinds of museums and theatres. You can also buy things from all over the world.

But there are some problems in big cities, too. It is expensive to live there, and there are too many people in some places of big cities. Every year many people go to the cities to find jobs, to study at good schools and get good medical care (医疗护理). But sometimes these people cannot find work or a good place to live in. Also it is hard to keep the cities safe and clean.

Some people enjoy living in big cities, others do not. Before going to a big city, they should think about the problem of living there.
