Tu Youyou-A Great Scientist

Tu Youyou is a great scientist. She was born on December 30, 1930 in Zhejiang. When she was very young, she showed interest in medicine. She is the first Chinese woman to win a Nobel Prize.

She graduated from Beijing University in 1955. She worked hard and was popular among the students and teachers. She always worked closely with her workmates. She devoted most of her time to studying ancient medicine. Though she met many difficulties, she never gave up. She has pushed for the use of Chinese medicine. She discovered the way to cure malaria. Her discovery has saved lots of lives.

She is the pride of our country. We should learn from her and work hard at school.
