21 Dear George,

How is everything going?

In your last letter, you asked me about my idea about the Internet. I collected some ideas on the Internet. On the one hand, there are some merits about the Internet. First, the Internet is very interesting, we can play games or make friends on it. Second, it is also convenient for us to shop or read online. On the other hand, there are also disadvantages. First of all, the Internet makes our face-to-face communication less. Second, many students are addicted to the Internet and forget their study. As far as I'm concerned, the Internet makes my life more convenient and colorful.

What about your idea about the Internet? Please write to me soon.

Yours,

Li Hua
