The Antarctic（南极） is far away from us. It’s at the South Pole of our Earth. It’s the coldest place in the world. In the Antarctic, hot water will turn into ice in the air soon. There is ice and snow everywhere.

No people live in the Antarctic, but some scientists work there. The weather is bad and the life is hard. We can see penguins, seals, whales, sea lions and many birds. Penguins are lovely. They are black and white. They walk slowly just like babies. But they can swim very fast in the cold water. Actually, they are not fish, but birds, even though they can’t fly. In summer, penguins often play on the beach because it’s always bright in the Antarctic. In winter, the Antarctic is dark in the day time and at night.

It’s really an interesting place.
