七、书面表达

43 Good morning everyone! I feel greatly honored to give a speech about the challenges I met at the beginning of the term and how I managed to overcome them.

First stepping into senior high, I found it difficult to study efficiently when taking all nine subjects at the same time, because I just had six in Junior Three. To manage my time well, I learned to make suitable schedules under the guidance of my teachers, who gave me clear hints about what to do, and how much time to spend on different issues in particular.

Apart from time management, I also felt stressed and lonely in the new environment. Fortunately, with the help of my classmates and senior students, I tried to get myself actively involved in school activities and now I have gradually adapted to the colorful life on campus!

I hope everyone can face challenges bravely and solve them wisely. Go all out and be prepared!

Thank you for listening!
